03.

Check and select the permissions for the My eBodyGuard App. This will help you decide if it can track your activity on other apps and how you want to receive notifications.

04

Review and accept the Privacy Policy and terms of the agreement, as eBodyGuard complies with CJIS, FERPA, HIPAA, and **COPPA** regulations

05.

If you use a promo code, the My eBodyGuard App will validate it once you finish the registration process

06.

Give the My eBodyGuard App access to your phone's camera for the My eBodyCam feature. Once you do this, your promo code will be activated

You will now see the home screen where you can add your safety card/profile. Select the (+) next to the safety card to register the app and start adding family members, medical information, pets, vehicles, and any fears of a person you may have

Once registered, you will need to grant access to the microphone to set up your voice activation alert and enable audio recording while using the My eBodyGuard App
